

Streamlining Payroll and Boosting Efficiency with SyncEzy Integration

"SyncEzy's integration has revolutionized our payroll processes, as shared by Stacie Forbes, Payroll Officer at Montu Construction. Let's explore Stacie's feedback on the remarkable benefits we've gained from this integration.

Q: What were your processes before using this integration?

A: Previously, we relied on 100% manual entry for payroll after onboarding employees, as well as manual leave applications.

Q: What made you want to change?

A: With our company experiencing rapid growth, we needed to streamline employee setup, management, and leave management processes. Our goal was to reduce the time spent on basic payroll administrative functions.

Q: How did you find SyncEzy?

A: We discovered SyncEzy through a recommendation from our HR software, HiBob.

Q: What were the big wins while you have been using the integration?

A: Since implementing SyncEzy's integration, we've experienced significant wins. The integration automates the integration of new employee data and eliminates the need for manual entry of hundreds of leave applications. In fact, for the month of May 2023 alone, we have processed 289 individual leave applications, saving a substantial amount of administrative time. Additionally, the integration reduces the occurrences of missing leave applications from the previous month, as all applications are now captured seamlessly.

Q: Lastly, how would you describe the integration and its value when chatting to a friend?

A: The integration has been fantastic in reducing the time spent on basic payroll administrative functions. We no longer have to manually enter leave applications and sensitive data, which has significantly reduced the occurrence of errors in banking details and leave types, dates, and hours. Once the integration is up and running, it becomes an invaluable tool.

The automation provided by SyncEzy has revolutionized our payroll processes, allowing us to focus on more strategic aspects of our growing company. By eliminating manual entry and reducing administrative tasks, we have gained efficiency, accuracy, and peace of mind.

I would highly recommend SyncEzy's integration to any organization looking to streamline their payroll operations and improve productivity.

THE AUTOMATION PROVIDED BY SYNCEZY HAS REVOLUTIONIZED OUR PAYROLL PROCESSES, ALLOWING US TO FOCUS ON MORE STRATEGIC ASPECTS OF OUR GROWING COMPANY.
