

**We spoke to Colton Chladek from Knobelsdorff about his use of the Procore to SharePoint integration and how it has helped their company.**

**Q: What were your processes before using the Procore to SharePoint integration?**

**A:** Prior to using the integration, we were duplicating efforts on a network file share then drag and dropping files to Procore.

**Q: What made you want to change?**

**A:** The amount of time we spent on file management doubled, prompting us to want to change.

**Q: How did you find SyncEzy?**

**A:** We found Syncezy through the Procore store after numerous questions to our Procore rep.

**Q: What have been the big wins whilst you have been using the integration?**

**A:** Essentially saving a full-time position worth of labor in file management alone.

**Q: Lastly, if you were describing the integration and its value when chatting to a friend, how would you describe it?**

**A:** I would say the cost effectiveness for our company and the global resources savings throughout the company for labor is the biggest technological efficiency we've instituted in the past few years.

**SAVING A FULL-TIME  
POSITION WORTH OF LABOR  
IN FILE MANAGEMENT ALONE**

**COLTON CHLADEK - DIRECTOR OF IT AT KNOBELSDORFF**
