We spoke to Nick from Safest about his use of the PropertyMe to FieldMagic integration and how it has helped their company.

Q: What were your processes before using the PropertyMe to FieldMagic integration?
A: We were manually entering all data.

Q: What made you want to change?
A: We were spending so long manually entering current data and wanted a solution that was easy to use.

Q: How did you find SyncEzy?
A: A Google search.

Q: What have been the big wins whilst you have been using the integration?
A: Not needing to manually enter all the data was a game-changer for our business. The simplicity of the solution was also a big win.

Q: Lastly, if you were describing the integration and its value when chatting to a friend, how would you describe it?
A: I'd describe the integration as being a huge time-saver for our compliance testing business.

A HUGE TIME-SAVER FOR OUR COMPLIANCE TESTING BUSINESS
