

simPRO to TSheets integration

We spoke to Brodie Maguire from Tri-State Electrical about his use of the simPRO to TSheets integration and how it has helped his company.

What were your processes before using the simPRO to TSheets integration?

We were using PDF-fillable forms that were submitted weekly.

What made you want to change?

We wanted to streamline our payroll processing and make it easier for field staff to log their daily clock-ins and clock-outs.

How have you found working with SyncEzy?

Good! The system was fluent and easy to use. Help was always a phone call away.

What were the big wins when you were using the integration?

Faster times in getting data into simPRO and seamless calculations of penalty rates.

Lastly, if you were describing the integration and its value when chatting to a friend, how would you describe it?

Any easy way to capture time worked across different sites with a unified push to simPRO Schedule.
