

We spoke to Kelli Winking from Built Contractors about their use of the Procore to SharePoint integration and how it has helped their company.

Q: What were your processes before using this integration?

A: Making sure all files matched manually

Q: What made you want to change from your previous processes to the integration with SyncEzy?

A: Streamlined folders

Q: What were the big wins while you have been using the integration?

A: Still working to see this but mostly not having to save everything in multiple locations

Q: Lastly, how would you describe the integration and its value when chatting to a friend?

A: There have been a few kinks for us but overall has been a great experience. We are still learning the system and figuring out one offs.

THERE HAVE BEEN A FEW KINKS FOR US BUT OVERALL HAS BEEN A GREAT EXPERIENCE.
