

We spoke to Kelly Grossmann from McNelly Services, Inc. about their use of the Procore SharePoint integration and how it has helped their company.

Q. On a scale of 0 to 10, how likely are you to recommend SyncEzy to your colleague or friend?

A: 10

Q. What were your processes before using this integration?

A: Copy and paste data in two places.

Q: What made you want to change from your previous processes to the integration with SyncEzy?

A: Functionality, less margin for error.

Q: What were the big wins while you have been using the integration?

A: Integration is virtually seamless. Very few issues in past year of use.

Q: Lastly, how would you describe the integration and its value when chatting to a friend?

A: Set it and forget it! It's so easy to set up and continues to work in the background to make sure all information is available wherever needed.

SET IT AND FORGET IT!
