SYNC EZY

SafetyCulture ⇄ SharePoint

Sync your Sharepoint Folders/ Files / Folder structure Automatically into Safety Culture

SC ⇄ **S**

Folder Structure
Folders
Files
Documents
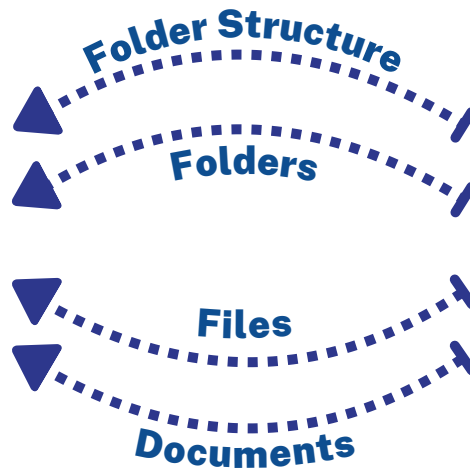

Single Source of Truth
SharePoint remains your governed system of record while SafetyCulture automatically receives the latest approved documents.

Built for Frontline Teams
Teams access documents directly in the SafetyCulture mobile app, including offline—no SharePoint navigation required on site.

Always Current Documents
One-way syncing ensures only the latest approved versions are available in SC, preventing outdated or retired content from appearing.

Folder Structure Mirrored
Your entire SharePoint folder structure syncs into SafetyCulture, including SOPs, SWMS, safety documents, and manuals—no manual uploads.
