

We spoke to Robby Cangco from In.Corp Advisory (AU) Pty Ltd about their use of the Hibob Employment Hero Payroll integration and how it has helped their company.

Q: What were your processes before using this integration?

A: We were using the same setup previously, with Employment Hero HR linked to Employment Hero Payroll.

Q: What made you want to change from your previous processes to the integration with SyncEzy?

A: Our TopCo has implemented a global HRIS to centralise employee data across all group entities.

Q: What were the big wins while you have been using the integration?

A: We successfully synced all employees and completed our first payroll using the integration, which ran very smoothly. A big thank you to Ajay for being incredibly helpful and hands-on throughout the implementation, and for promptly assisting with all our queries.

Q: Lastly, how would you describe the integration and its value when chatting to a friend?

A: These guys mean business and really know their stuff. It's clear they have the expertise and experience to deliver.

We successfully synced all employees and completed our first payroll using the integration, which ran very smoothly.
